

## Size Indicator Hat

Calculate the size of your hat...

International size	XS	S	M	L	XL
Size en cm	52	54	56	58	60
Size US	6 3/8	6 3/4	7	7 1/4	7 1/2
Size UK	20 3/4	21	22	22 3/4	23 1/2

- ✂ Use a soft tailor's tape. If you don't have one, you can use a piece of string.
- ✂ Put the tape measure around your head, in the middle of the forehead, 1 centimeter above your ears, on the broadest part of your head. Imagine where you want to place your hat if you would wear it..
- ✂ Do not stretch it too much, arrange it comfortably, as you would like to wear your hat. Most measurement errors occur when the meter is applied too tightly.
- ✂ Select the closest size and see our size chart below.  
If your measurement is between two sizes, we recommend you choose the larger size. Your hat will be more comfortable and you may have the opportunity to adjust it later by pinching the cleaning tape.
